

# VOLUNTEER NEWSLETTER

August 2022

**NOTICE**  
If you're using the RoadKill app, please make sure you marked Wild Aware as your organization!

Thank you to our barbed-wire removal crew! 200-250 linear feet of barbed wire removed at our first event in July! The fawns salute you! It was so much fun that we are having another event in October!

Download the Roadkill App and report BOTH living and dead wildlife in and along the road!

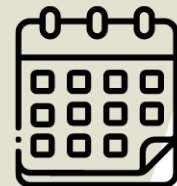

Check out our [how-to video!](#)

Data entered June 1 - August 31 will be included in Wild Aware's first citizen science project!

**Be sure to enter "Wild Aware" as your organization! Taking pictures of the animal (safely) and whenever possible helps the data!**

## HELP NEEDED NOW!

- Distribute signs from 11 am - 1 pm on Tuesday, 8/9 at the Evergreen Farmer's Market on Meadow Drive. Contact [Leanne!](#)
- Volunteers needed for August 11th [Where Wildlife Meets the Road](#) presentation: help with set-up, clean-up and refreshments
- Planners and volunteers needed for September 10th [Wine, Wildlife and Song](#) fundraiser in Evergreen.
- Can you help with the newsletter? Writing, organizing and project management skills needed now! Email [info@wildaware.org](mailto:info@wildaware.org)!
- Pick up and distribute wildlife emergency cards (\*277) around your office, community, etc.
- Have you filled out our [interest form/application](#)? This helps us learn what you are interested in!

## MARK YOUR CALENDARS

**Julia Kintsch** is a Certified Ecologist and an expert in wildlife crossing studies and designs. Julia worked with nonprofits like the Nature Conservancy, the Southern Rockies Ecosystem Project, and Rocky Mountain Wild (RMW) on wildlife crossing projects. In 2008, she launched ECO-resolutions. Julia has worked with Wild Aware as a webinar presenter and consultant on Highway 74 discussions.

Barbed Wire Removal Field Day

Keep our wild animals safe!

**Barbed Wire Removal**

Saturday, October 8  
2022  
10:00 AM - 1:00 PM  
Dedisse Park, Evergreen

Email us at [info@wildaware.org](mailto:info@wildaware.org) to learn more!

Thousands of miles of disused barbed wire fencing endanger wild animals, especially deer fawns and elk calves. Join us to remove this ghost fence from Dedisse Park.
